your Honor,

2019 AUG 13 PM 12:52

I have tried unsuccessfully to Reach Barbara Brown, my Public defender. I wish to Revoke my Plea of Guilty to second degree Murder. I feel I made the Plea under Duress. I was fully Prepared to Begin my trial 8-5-99. Mrs. Brown told me she was working on a Plea that would be a good Deal for me. She told me if I took this to a Jury I would Probably lose. And if I went to State Prison, James Means brother would be out to get me. I have the utmost Respect For Mrs. Brown, but as a public defender she is not able to give me a proper defense because she is too busy with day to day clients. She has neither the time nor Resources to defend me in a high Profile case such as this. I feel I can beat these charges, But I will need a pro-bono Lawyer with an investigative Team, also because of the bad press I have received and the Vilification of my name and reputation I am Requesting a Change of Venue. I have spent almost three years incarcerated, in seclusion, unable to assist in my defense. The Night I was arrested, the next morning Magistrate Harsbarger told me I was charged with First degree Murder and there was no Bail. They had not found Mr. Means gun until the Afternoon of that same day. I was never given a lesser charge that would have allowed me to post Bond. I feel I was illegally kept in Jail to rot, not being able to help with my defense. So I want to Revoke my Plea, because I feel I have not been properly represented by the Public defenders office. And I do not feel I should be advised to plead guilty to a crime I know I am not guilty of. I am Requesting a Jury Trial, a qualified Pro-Bono Lawyer, and a change of Venue. I feel a proper investigation will reveal, Collusion,

OVER

obstruction of Justice, Manufactured evidence AND  
tampering with Evidence. Namely the police department  
(Ello) the prosecutors office (Chuck Miller) AND defense  
lawyers (Richard Hollicker AND David Anderson). The State  
Mental Health Hospital deemed me competent AND I know  
I am innocent. I am being Railroaded. Therefore  
I respectfully ask you to Revoke my Guilty Plea  
so that I can receive a Trial by a Jury of my Peers,  
Thank you for your irreproachable wisdom AND public service.

Respectfully

William Ronald Pulliam
